Subject: Google 360 View Dubai - Versailles by Raviz Hotel 4

Dear Sir/Madam,

For the beginning of the new year we will be creating Google 360 tours in Dubai for the month of April 2019 for the restaurants, resorts hotels and shops who are still missing the Google 360 View on their Google Business Page.

Google uses the Street view technology for business View and this future allows tourist to virtually walk into your hotel 24/7.

International Research of Google shows that potential customers are more likely to book a table at a restaurant, a room at a hotel or visiting a mall / shop after seeing the virtual tour.

We've notice that the Google Business page of **Versailles by Raviz Hotel 4** is not complete yet, its missing the Google 360 Virtual tour.

Please see some examples below:

The promotion fee for hotels in Dubai is **\$1600,-** for:

- Entrance
- Lobby / Reception
- All different room types
- Bar
- Gym
- And any other additional spaces that might come up

It is a full package for the hotel without limitation. It is a one-time fee and the tour will remain on your Google Business Page as long as you desire.

After the 360 Virtual tour is published on Google this is a week after photography you will receive the invoice that you can pay within a payment period of 2 weeks.

The tour will be published on your Google Business Page, on Google Maps and Google+. You will also receive a link to implement the tour on your website and social media channels such as Facebook.

Please confirm if you would like to be included in our planning for the month of April 2019.

If you have any questions, please do not hesitate to contact us.

We look forward hearing from you.
